SAMS stands for Students Academic Management System. In this system, students are taking admission online into +2 (junior), +3 (Degree), Physical Education, Industrial Training Institutions and Diploma. The admission process, which is carried out through internet and computers is called as e-Admission. The teacher education courses such as D.El.Ed./B.Ed./B.P.Ed./B.H.Ed./M.Ed./M.Phil have been brought to the SAMS fold from the session 2018-19.

1.2 Objectives

The objectives of SAMS are to:

- Ensure single window system for admission through e-Admission process
- Make the admission process economical
- To make the entire admission process transparent, thereby reducing the anxiety of candidates/parents regarding selection.
- Reduce the workload of educational institutions by developing several modules of the administration using the database of admission process and thereby improve services to the students.

Certificates etc. This would improve efficiency, saves precious time of institution authorities and ensures dissemination of correct information and services to all its stake holders.
